The Swan Valley welcome is as warm as the sun that ripens the grapes. Visitors are embraced as if old friends; drawn in by tempting produce and talented producers, they keep coming back. Rising from the rich earth and crowned by endless blue skies, the rustic Swan Valley landscape is different from any other in Western Australia.

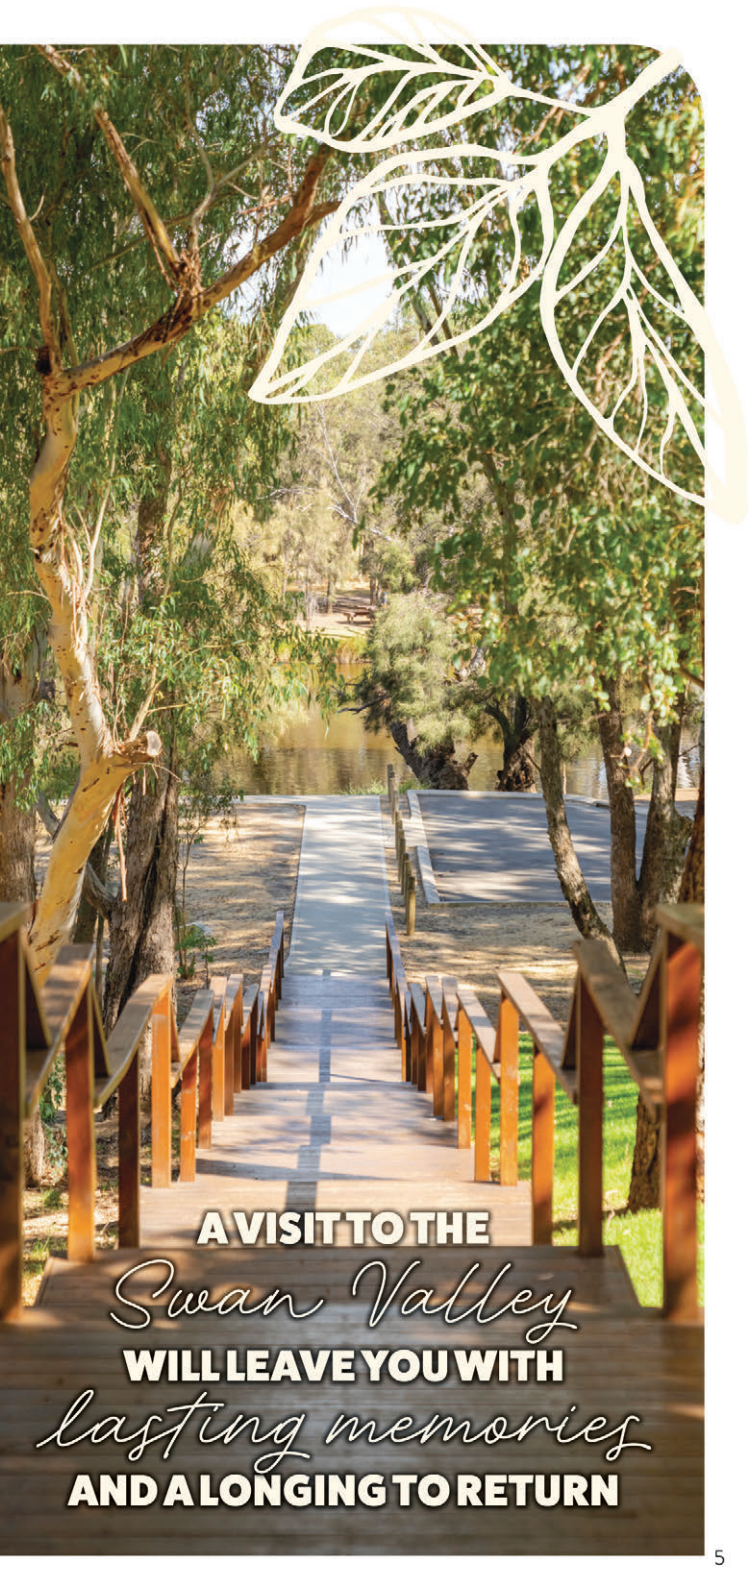

It's a place where schedules aren't needed, and clocks shouldn't be watched. In fact, we encourage people to slow down, take time to relax, or run the risk of missing one of life's greatest adventures.

It doesn't take long for visitors to adapt to our slower pace of life, to take advantage of the chance to spend time with those closest to them, to giving families and friends the chance to reconnect over food, wine and conversation.

Our passion comes through in everything we do; our food, our wine, our art, our landscape. We boast the ultimate collection of artisans just waiting to fire up your sense of beauty, taste and fun.

Understated but not underrated, the Swan Valley is a popular must-visit destination known as a food-lover's haven, a wine-connoisseur's delight and a naturalist's dream. Come for the afternoon, the day, or make a weekend of it; you won't be disappointed.

— SWAN VALLEY —  
**OLD VINE**

The Swan Valley is the oldest wine region in Western Australia, and the second oldest wine region in Australia. Grape vines have been grown in the Swan Valley for over 190 years.

**Swan Valley Old Vine Charter**

The fruit from old vines can produce wines with great intensity, depth, and vibrancy.

The purpose of the Swan Valley Old Vine Charter is to support the long-term protection of old vines and validate their value in winemaking.

The strength and resilience of old vines reflects the toil of generations of local families, importantly retaining our history in the ground.

Scan the QR code or visit [swanvalley.com.au/oldvine](https://swanvalley.com.au/oldvine) to find the wineries who have wines made from the fruit of old vines available for you to taste and purchase.

## REGIONAL WINE STYLES

The Swan Valley's Mediterranean climate allows winemakers to grow and produce a remarkably wide range of wine styles, from Sparkling through to Fortified. Very few wine regions can achieve this level of diversity.

### SPARKLING WINES

Making sparkling wine in the traditional Methode Champenoise, the same method that produces Champagne in France, is labour intensive but worth the extra effort. The Swan Valley produces delicious, creamy sparkling wines using traditional varieties such as Chardonnay, Chenin Blanc and Shiraz.

### CHENIN BLANC

The Swan Valley's most widely planted white grape variety. Each year, the Region crushes around a third of Australia's Chenin Blanc. This sun-loving varietal, with its delicate floral aromas, apple-like flavours, and zingy acidity, is ideal to serve with seafood. A versatile fruit used to make sparkling and still wines which are crisp and dry through to luscious and sweet.

### VERDELHO

Verdelho thrives in the Swan Valley's climate. The variety is crisp and dry with tropical notes, great with or without food. Picked when it achieves the perfect balance of natural delicate acidity and fresh aromatic fruit flavours. World-renowned Master of Wine, Jancis Robinson, believes the Swan Valley makes the best Verdelho in the world.

### ROSÉ

Light in style, fresh and floral, Rosé is perfectly suited to Western Australia's climate and lifestyle. Typically made from Grenache, Tempranillo or Shiraz, as well as emerging varietals. Its distinctive pink colour varies in depth dependent on the time in contact with the skin of red grapes.

## **GRENACHE**

First planted in the 1860s, historically local winemakers used Grenache to produce world-class fortified wines. Now it's also used to create luscious lighter wines such as Rosé and dry red styles. With Grenache less is more, the lower the yield, the better the wine. The Swan Valley's rocky, shallow soil and climate provide the tough love to naturally produce the very best Grenache fruit.

## **SHIRAZ**

The Swan Valley produces warm climate Shiraz that rivals the best-known regions in Australia. Gravelly soil naturally controls vine vigour; warm summer days tempered by the cool ocean breeze allows grapes to ripen to perfection producing plush, medium to full-bodied wines full of delicious dark fruit flavours. Great for drinking now, with the ability to be greater with time.

## **FORTIFIED WINES**

The Swan Valley is renowned for its luscious, world-class fortified wines – Pedro Ximenes, Muscadelle, Liqueur Shiraz and Verdelho – which can take decades to produce using techniques passed down the generations. Fruit is left on the vine for extended sun-ripening, berries are semi-dried to concentrate grape sugar and flavour. 'Fortified' refers to a small amount of brandy added to strengthen the partly fermented wine, which is then left to mature in oak barrels.

## **EMERGING VARIETALS**

Being planted are new wine varietals perfectly suited to our climate, way of life and the foods we like to eat – Touriga Nacional, Arinto (origin Portugal), Montepulciano (Abuzzo Italy), Nero d'Avola (Sicily), Fiano (Campania, Italy), Mencía (Spain), and Barbera (Piedmont Italy).

It's pretty simple really. We're a brewery in the Swan Valley. We serve beer that we brew, local wine from our mates, and food that's always tasty. We've got a big playground for the kids and peace-of-mind for the parents. All the good stuff - and just 30 minutes from the City!

Opening Hours:

Tues - Friday: 11am-Late for Lunch & Dinner.

Saturday-Sunday & Public Holidays: 8am-Late for Breakfast, Lunch & Dinner.

9861 West Swan Road, Henley Brook - 6192 1830

## ROADSIDE STALLS AND FARM GATES

The first grapevines in Western Australia date back to 1829 with plantings established by Thomas Waters at Olive Farm in South Guildford. In 1840, table grapes were planted at Sandalford in Caversham. There was a steady increase in demand for table grapes during the 1850s and by the 1890s the Swan Valley had established a thriving export industry.

Table grapes remain the region's largest commercial crop, their distinctive A-frame trellising distinguishing them from grapes being grown for wine. From December to March, you can enjoy a variety of white (green), red and black grapes including popular new seedless and traditional vintage varieties. Buying or picking your own grapes is an experience locals love as much as visitors.

Year round you will also find Swan Valley artisan produce such as sourdough bread, honey, jams, relishes, oils and vinegars.

## STRAIGHT FROM FARM GATE TO YOUR DINNER PLATE

The Swan Valley has plenty of stalls jam-packed with produce freshly-picked from the farm. What's available is seasonal but you will find something full of flavour, no matter what time of year you visit.

In summer, expect to feast on delicious grapes, watermelons, rockmelons, honeydews, figs, mangoes and tomatoes.

Come autumn, the Valley offers late season grapes, pomegranates, pumpkins and an array of other veggies perfect for roasting.

Winter is full of garlic, macadamias, zesty citrus and strawberries, while in spring you'll find asparagus, peas, avocados and broad beans.

# ART & CRAFT

The Swan Valley provides daily inspiration to the many world-class sculptors, gifted potters, talented painters and skilled furniture carvers who call the region home.

Visitors will enjoy an array of studios, galleries and sculpture parks. There are authentic aboriginal offerings or quaint antique and homeware stores to browse and buy a memory to take home.

## MASTERCLASSES

A day in the Swan Valley is all about sharing stories, food and artisan crafts. Take a masterclass and discover skills handed down through generations.

Learn how to make delicious nougat, bees wax candles or great coffee. Explore the chance to savor bush tucker, a culinary tradition enjoyed by the Whadjuk people, the area's first inhabitants.

Visit [swanvalley.com.au/masterclasses](http://swanvalley.com.au/masterclasses) for further details and range of experiences. Booking in advance is essential.

# RETAIL

Guildford is the undisputed antique capital of Perth.

It has the city's largest collection of antique shops along the charming James Street cafe strip. There are markets on the third Sunday of most months, and twilight markets during the warmer months.

The Swan Valley has a broad selection of artisan goods and retail products ranging from confectionery and condiments to gifts and clothing.

# History Buffs

## STEP RIGHT THIS WAY...

The Swan Valley's history starts more than 40,000 years ago with the original custodians of the land, the Noongar Aboriginal people of the Whadjuk tribe. The Whadjuk people have a deep connection with the land and tell of a Dreamtime serpent, the Wagyl, which once travelled across the country, carving out the Swan Valley and the Swan River. They say the Wagyl still lives deep beneath the Swan River waters.

The picturesque village of Guildford was established during the founding of the Swan River Colony in 1829 and today it is one of only three towns in Perth on the National Trust register. Guildford is also on the State Register of Heritage Places. Exquisite colonial architecture is just the tip of the iceberg in historic Guildford – there are also fascinating museums, churches, theatres, hotels, heritage walk trails and the oldest wineries in the State to discover nearby.

Historic locations such as Western Australia's oldest church, All Saints in Henley Brook, are denoted on the Swan Valley and Guildford maps with this symbol .

Vines were planted in the Swan Valley soon after settlement, the first commercial vintage of wine was made by Thomas Waters at the Olive Farm Winery in South Guildford.

The Swan Valley is the second oldest wine region in Australia, and one of the very few within such close proximity to a capital city. From small beginnings the Swan Valley has grown into a thriving wine region, with many small multi-generational family-owned wineries working comfortably alongside large corporate wineries.

## THE SWAN VALLEY

### GIDGEGANNUP

Gidgegannup is a rural neighbour of the Swan Valley, made up of beautiful native bushland and quiet country charm. The name of the area has Noongar origins, meaning "the place where spears are made".

Gidgegannup has some of the most beautiful natural walking trails and national parks around, so get your hiking gear ready. FR Berry Reserve, Noble Falls, Paruna Sanctuary and Karakamia Sanctuary show off the area's beautiful natural fauna and flora.

Searching for somewhere to entertain the whole family? Gidgegannup has the goods. Grab a bite at the local country pub, a treat from the bakery or pack a picnic and visit stunning Noble Falls. Check out the annual Small Farm Field Day in May and the family fun-filled Gidge Show every October.

This charming rural town with beautiful surrounds and a rich history is populated largely by farmers and nestled among national parks and bushland.

It's hard to believe Bullsbrook is barely an hour out of Perth's CBD and 25 minutes from Midland.

Since 1949, Bullsbrook has been home to Pearce Airbase, a training facility for the Royal Australian Air Force. The airbase is the busiest in Australia and the only permanent one in WA.

Dotted in and around town you will find sculptures of the Bullsbrook's Bull Trail, crafted by creative locals using recycled materials. There is also a 3km West Bullsbrook Heritage Trail that starts at the Bullsbrook Museum.

Bullsbrook is close to the beautiful Walyunga National Park, the Bullsbrook Nature Reserve, the Avon Valley National Park and the nearby Moondyne Nature Reserve.

Perhaps the most iconic attraction in Bullsbrook is Perth's Outback Splash. From thrilling water slides to mazes and mini golf, there's plenty to do all year round.

If you want to learn more about the history of Bullsbrook, the BRRM Museum at West Bullsbrook Hall has collected, preserved and displayed fascinating district heritage items, including documents, photographs, oral histories, artefacts and machinery.

Bullsbrook is also home to several strawberry farms where you can pick your own straight from the field when they are in season!
