History Buffs

STEP RIGHT THIS WAY...

SWAN VALLEY

The Swan Valley's history starts more than 40,000 years ago with the original custodians of the land, the Noongar Aboriginal people of the Whadjuk tribe. The Whadjuk people have a deep connection with the land and tell of a Dreamtime serpent, the Wagyl, which once travelled across the country, carving out the Swan Valley and the Swan River. They say the Wagyl still lives deep beneath the Swan River waters.

The Swan Valley is the second oldest wine region in Australia, and one of the very few within such close proximity to a capital city. Vines were planted in the Swan Valley soon after settlement, the first commercial vintage of wine was made by Thomas Waters at the Olive Farm Winery in South Guildford.

From small beginnings the Swan Valley has grown into a thriving wine region, with many small multi-generational family-owned wineries working comfortably alongside large corporate wineries.

Historic locations such as Western Australia's oldest church, All Saints in Henley Brook, are denoted on the Swan Valley and Guildford maps with this symbol .

GUILDFORD

The picturesque village of Guildford was established during the founding of the Swan River Colony in 1829 and today is one of only three towns in Perth on the National Trust register. Guildford is also on the State Register of Heritage Places.

Exquisite colonial architecture is just the tip of the iceberg in historic Guildford — there are also fascinating museums, churches, theatres, hotels, heritage walk trails and the oldest wineries in the State to discover nearby.

— SWAN VALLEY — OLD VINE

The Swan Valley is the oldest wine region in Western Australia, and the second oldest wine region in Australia. Grape vines have been grown in the Swan Valley for over 190 years.

Swan Valley Old Vine Charter

The fruit from old vines can produce wines with great intensity, depth, and vibrancy.

The purpose of the Swan Valley Old Vine Charter is to support the long-term protection of old vines and validate their value in winemaking.

The strength and resilience of old vines reflects the toil of generations of local families, importantly retaining our history in the ground.

Scan the QR code or visit swanvalley.com.au/oldvine to find the wineries who have wines made from the fruit of old vines available for you to taste and purchase.

Beyond THE SWAN VALLEY

Venture beyond the Swan Valley and you'll discover plenty of neighbouring places—including Gidgegannup and Bullsbrook—offering a variety of experiences. Follow the QR code to learn more.

Swan Valley

REGIONAL WINE STYLES

The Swan Valley's warm Mediterranean climate allows for a remarkably wide range of grape varieties to be grown, and wine styles to be produced, from Sparkling through to Fortified. Very few wine regions can achieve this level of diversity.

SPARKLING WINES

Using traditional Méthode Champenoise, the same method that produces Champagne in France, Swan Valley winemakers are producing delicious, creamy sparkling wines using varietals such as Chenin Blanc and Shiraz.

CHENIN BLANC

The Swan Valley's most widely planted white grape variety. This region crushes about a third of Australia's Chenin Blanc. Swan Valley winemakers produce some of the world's finest examples of Chenin Blanc — crisp, dry styles with ability to age, as well as sparkling and sweet wines. Known for its delicate floral aromas, apple-like flavours and zingy acidity, Chenin Blanc pairs beautifully with food.

VERDELHO

Verdelho thrives in the Swan Valley's warm climate, producing crisp, dry wines with tropical notes. Some of the world's best Verdelho is made here. Unique to this region is luscious liqueur Verdelho, due to the ability of this varietal to ripen late and attain high sugar levels.

ROSÉ

Light in style, fresh and floral, Rosé is perfectly suited to Western Australia's climate and lifestyle. Swan Valley Rosé is typically made from Grenache, Tempranillo, or Shiraz.

GRENACHE

First planted in the 1860s, historically local winemakers used Grenache to produce world-class fortified wines. Today, Grenache is one of Australia's most exciting varietals. Swan Valley old vine Grenache is highly valued. Used to create on-trend lighter bodied, easy-drinking dry reds and Rosé, it's suited to shared styles of eating.

SHIRAZ

The Swan Valley's warm climate Shiraz rivals those produced in Australia's best-known wine regions — plush, medium to full-bodied, and full of delicious dark fruit flavours. Renown for softness and length, supple and drinkable young, with the ability to be greater with time.

FORTIFIED WINES

Generations of Swan Valley winemakers have crafted exceptional fortified wines over decades. Often blended from multiple vintages, these fortified wines are among the most unique and complex produced anywhere in the world. Swan Valley winemakers produce vintage fortified, tawny, apera, and liqueur styles — rich, luscious wines made from Shiraz, Verdelho, Pedro Ximenez, Grenache, Muscat, and more recently, Touriga Nacional.

EMERGING VARIETALS

Swan Valley winemakers are having success with plantings of new varietals suited to the climate, our lifestyle, and the foods we like to eat — including Touriga Nacional, Arinto, Montepulciano, Nero d'Avola, Fiano, Mencia, Petit Verdot, Sangiovese, Tempranillo, Vermentino, and others.

It's pretty simple really. We're a brewery in the Swan Valley.
We serve beer that we brew, local wine from our mates, and food that's always tasty. We've got a big playground for the kids and peace-of-mind for the parents.
All the good stuff - and just 30 minutes from the City!

Opening Hours:

Tues - Friday: 11am-Late for Lunch & Dinner.

Seasonal

ROADSIDE STALLS AND FARM GATES

The first grapevines in Western Australia date back to 1829 with plantings established by Thomas Waters at Olive Farm in South Guildford. In 1840, table grapes were planted at Sandalford in Caversham. There was a steady increase in demand for table grapes during the 1850s and by the 1890s, the Swan Valley had established a thriving export industry.

Table grapes remain the region's largest commercial crop — their distinctive A-frame trellising distinguishing them from grapes being grown for wine. From December to March, you can enjoy a variety of white (green), red, and black grapes including popular new seedless and traditional vintage varieties. Buying or picking your own grapes is an experience locals love as much as visitors.

Year-round you will also find Swan Valley artisan produce such as sourdough bread, honey, jams, relishes, oils, and vinegars.

RETAIL

Guildford is the undisputed antique capital of Perth.

It has the city's largest collection of antique shops along the charming James Street cafe strip. For much of the year, there is a Sunday market once a month, and a monthly twilight market on a Saturday during the warmer months.

The Swan Valley has a broad selection of artisan goods and retail products ranging from confectionery and condiments to gifts and clothing.
